

# WIN your 2024 CIF Bid Application

With expert advice and support from Hookway

2024  
CIF Bids

## Hookway - Experts in securing funding

Applying for much needed Condition Improvement Funding (CIF) can be daunting. Hookway has been helping schools secure CIF since its inception and can guide you through the process.

We are a long-established chartered surveying practice with particular expertise in the education sector. Our professional applications meet all required bid criteria, giving you the best chance of success. We can either work with you or manage the entire process on your behalf.

## Over £100 Million of works secured since 2012

We have a proven track record and in recent years have secured funds for a huge variety of condition improvement projects ranging between £30,000 and £4 million. Our expertise will give your school the best chance of success. We also review, enhance and resubmit previously unsuccessful bids - which are often then approved.

## No win, No fee

We can deliver you a new teaching block, or simply refurbish your washrooms. If your bid is successful, our fee to manage the entire project will be included. Schools frequently say that our professional management makes the whole process easy and hassle-free.

## Act Now to secure funding for 2024

The next round of CIF bidding opens in October and getting the process underway as soon as possible is critical.

Hookway helped transform our ageing washrooms with minimum disruption to the school. Project management and funding application were undertaken in a professional and helpful manner. We look forward to working with them in the future.

**Torquay Boys' Grammar School**

Hookway have been fantastic, they've prepared all our bids and CIF has made a huge difference to our buildings over recent years. This year we had two bids totalling over a million pounds for one school and the projects have gone completely smoothly, safely and within budget.
